New! LES BAER PISTON GUN

Sh-h-h-h...we can't say much about this yet. But you'll see our very first new Piston Gun, built on our AR pattern. For now, we'll just say that we have R&D'd this piston design (as opposed to a traditional blowback design) for a very long time and we are sure as we can be that this will absolutely be the finest piston style AR on the market.

Improved! LES BAER POLICE SPECIAL

Our super popular Police Special will be in even higher demand after we add a new flip-up sight, new collapsible buttstock and NM carrier. It will also be available in standard 5.56 NATO, new 6 X 45 or new .264 LBC-AR™.

New! LES BAER BOLT ACTION TACTICAL RIFLE

Les Baer's very first bolt gun. But this rifle has more than just a manual bolt...it has performance that just won't quit because it's built from the ground-up by Les Baer Custom. Our focus with this brand new bolt action rifle is law enforcement and military tactical teams that still equip their snipers with tack driving bolt guns. We promise you it won't take long to become standard issue in a good many armories.

SEMI-AUTO PISTOLS

New! LES BAER CUSTOM BOSS .45

Like our entire pistol line, our newest .45 is based on our popular Premier II. But like the Boss 429 Mustang after which it's named, it has enough thoughtful extra touches to really make it the new Boss of custom .45s. See for yourself what a difference the Les Baer touch can make.
