

THE AK47 SCRAPER™

SCRAPES CARBON FROM ALL AK47 GAS PISTON SURFACES.

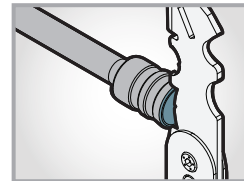

The AK47 Scraper is a precision tool dedicated to the removal of baked-on carbon buildup from the piston and bolt of your favorite AK. It includes wrenches, multi-surface scrapers, and is easier and faster than both solvents and brushes. Because we're here to get you back to doing what you love – dirtying up your AK.

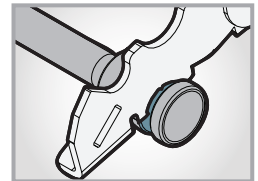

Firing pin tip

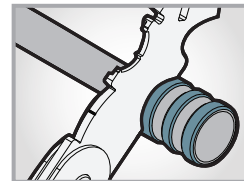

Bolt face

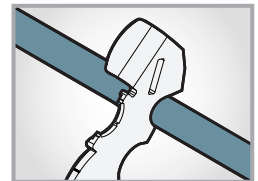

Piston face

Piston head grooves

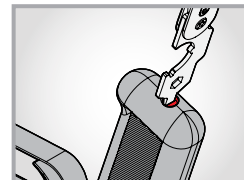

Piston head circumference

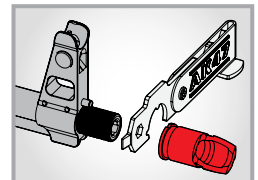

Piston shaft

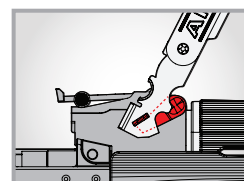

ADDITIONAL AK47 SCRAPER FUNCTIONALITY

Tighten pistol grip
